

MULTI VOLTAGE LED SAFETY LAMP

RED SAFETY ZONE LAMP (12-80V)

DESCRIPTION

A 12–80V low power draw LED Spot lamp, on a single bolt fixing, featuring a narrow spreading beam of coloured light highlighting the presence of a nearby vehicle or machine.

APPLICATION

LED Safety Zone Spot Lamps are designed to provide a visual warning for pedestrians moving in the vicinity of materials handling equipment. The adjustable light projects a bright red line onto the floor, indicating a clear no-go-zone, ensuring pedestrians stay a safe distance away from equipment and vehicles.

FEATURES

- LED technology with low power consumption.
- Aluminium housing with polycarbonate lens.
- Two year warranty.

SPECIFICATIONS

- 12–80 VDC.
- IP67 rated.
- 3 x 3W (CREE LED).
- 180 Lumens (red).
- Part Number: 18438458
